PROFILE SUMMARY

- Working as a JavaScript React developer in the software industry with an overall 2 years of experience.
- Strong problem-solving skills and proficiency in **React.js**.
- Sound knowledge of **React JS** and **JavaScript**, and responsive UI UX design.
- Looking for an opportunity to showcase my skills to enhance my knowledge as well as contribute to my organization to the best of my potential.

WORK EXPERIENCE

Software Development Engineer
Company Name: Conduent Business Service India LLP   **Jan 2022 – Present**

- **Developed User Interface:** Utilized React.js and React-supported libraries for front-end development.
- **Designed Landing Page and Routing:** Innovated landing page layout with Bootstrap, enhancing visual appeal and user engagement by 30%, and integrated React Router to streamline application navigation, resulting in a 20% increase in user retention.
- **Architected and deployed scalable UI components in React JS:** Utilizing Functional components, Hooks, and State management; create a reusable form with react hook form for data validation, reducing development time by 25% and increasing efficiency.
- **Focus on Performance and Reusability:** Enhanced app performance and modularity by implementing render props, higher-order components, compound components, and custom hooks; boosted loading speed by 40% and reduced code redundancy by 50%.
- **Managed Complex State:** Optimized client-side state management using Redux Toolkit and Context API; streamlined complex state handling processes, resulting in a 35% reduction in bug reports and a 25% increase in development speed.
- **Agile Methodology:** Collaborated with developers and project managers in an Agile environment, meeting deadlines and following best practices.
- **Debug and Test:** Debugged the web app using browser dev tools, React dev tools, and Redux dev tools.

SKILL

- **React.js**
- **JavaScript**
- **HTML5**
- **CSS**
- **Bootstrap**
- **Microsoft Azure**
- **MongoDB**
- **SQL**
- **Node.js**
- **Express.js**
- **Redux**
- **Linux**
- **Next JS**

PERSONAL PROJECTS

E-commerce web app with payment integration: Design and deploy an e-commerce application using React, Node.js, MongoDB and Bootstrap
URL LINK: https://ecart5.netlify.app   GitHub: https://github.com/abhisekbhanja/ecommerceapp

Expense Tracking App with visualization: Created an expense tracker app using React, Node.js
URL LINK: https://expensetracker255.netlify.app   GitHub: https://github.com/abhisekbhanja/expense_tracker_app

EDUCATION

- Indira Gandhi Institute of Technology (Bachelor of Technology)   2015-2019
